

# Do you receive paid for care at home?

Do you or anyone you know receive care at home that is funded by Surrey County Council and is not live-in care?

We want to understand more about the care people receive in their own home. We will use this information to make recommendations to help shape future services for everyone.

Interviews will last for around 30-45 minutes and can be carried out at a place that is convenient for you, including your own home.

All information shared with us will be treated in confidence and the identity of people taking part will not be shared .

Everyone we interview will receive a £30 thank you gift.
